

Keau Kukui 'Ula Heiau Preservation Hui

Steering Committee Members

K. Kealani Winter - *Co-Chair*
R. Likeke Bumanglag - *Co-Chair*
J. Nohea Alexander - *Res. & Doc. Mgr.*

13 August 2025 Heiau Report

1. Monthly inspections continue.
2. We've been monitoring the erosion due to rain runoffs that continue to flow towards the northern property boundary. Last week's inspection revealed the importance of redirecting the runoff water away from the property, hopefully toward the swale on the N. Haku Mele side. The hui will be discussing this topic at our next meeting scheduled for September 8.
3. The maintenance crew continues to do a very good job keeping the kukui overgrowth and weeds under control.
4. A copy of this report will be available on the KKKU website.

K. WINTER & R. BUMANGLAG
